Chair 124 **Billionaire** - pag. 178-180

### Inox stainless steel

Given the particularity of this heat treated material, it may be subject to slight imperfections which interfere neither with the appeal nor the aesthetic aspect of the table.

### Acier inoxydable

Du fait de son procédé de fabrication, ce matériau peut être sujet à de légères imperfections qui n'altèrent en rien la qualité et la beauté de la table.

## Art. 654 Caronte

### Crome convex base

Given the particularity of this heat treated material, it may be subject to slight imperfections which interfere neither with the appeal nor the aesthetic aspect of the table.

### Base chromée bombée

Du fait de son procédé de fabrication, ce matériau peut être sujet à de légères imperfections qui n'altèrent en rien la qualité et la beauté de la table.

swing table center / centre de table tournant

**ORIGINAL INDONESIAN TEAK / TEAK INDONESIEN ORIGINAL**

Despite its natural oils, Teak wood usually glues and finishes well, though in some instances it may be necessary to wipe the surface of the wood with a solvent prior to gluing/finishing to reduce the natural oils on the surface of the wood. *S'il n'est pas traité, le teak griseille naturellement. L'application de lasures est possible à partir de toutes les marques courantes pour autant que le bois soit dégraissé au préalable. Une huile spéciale pour teak prévient la décoloration grisâtre et confère une certaine brillance au bois.*

**CHAISE EN TEAK :**  
pliant avec coussin ecru impermeable

## ORIGINAL INDONESIAN TEAK / TEAK INDONESIEN ORIGINAL

Despite its natural oils, Teak wood usually glues and finishes well, though in some instances it may be necessary to wipe the surface of the wood with a solvent prior to gluing/finishing to reduce the natural oils on the surface of the wood. S'il n'est pas traité, le teak graille naturellement. L'application de lasures est possible à partir de toutes les marques courantes pour autant que le bois soit dégraissé au préalable. Une huile spéciale pour teak prévient la décoloration grisâtre et confère une certaine brillance au bois.

Art. 1821/15 **Real Bed**
